1,000 Searchers Scour Woods for Missing Farmer

STATE SEARCH STARTED

Lima Firemen Drag Auglaize River Near Home

BLUFFTON—(Special)—Unsuccessful search conducted Sunday in Orangeport, Hancock co., for Elijah Kramer, 55, farmer, who disappeared on Sunday, August 26, deepens the mystery of the whereabouts of Kramer, who wandered away while temporarily demented over financial troubles.

Auglaize river dragged by Lima firemen scoured with grappling hooks, and the entire woods and underbrush in the vicinity of the Kramer home failed to produce a clue to the hollered man, who was last seen at his home, where he was believed to have committed suicide.

Nearly 1,000 searchers resulted from Columbus Grove, Bluffton and the rural sections of Hancock co., penetrated dense woods, beat down wheat, tramped through corn fields, examined and culled scattered underbrush and searched every inch of ground within six miles of the Kramer home.

RIVER DRAGGED—Lima firemen started in the Auglaize river and proceeded nearly to add, using grappling hooks, which others of the party dragged the bank for traces of the body which could have been lodged at a sharp curve by the force of the current.

Not a trace of the missing man was found. His trail has been lost. The search has been abandoned. It is believed that Kramer, who was last seen in California, where it is reported that Kramer has a sister.

Description of the missing man has been broadcasted to every city in Ohio in belief that he may be temporarily demented and may be working somewhere under a different name.

Kramer is the father of nine children, three of them being under the age of understanding why their father doesn't come home. Mrs. Kramer from the first expressed belief that her husband committed suicide.

## INSTITUTE DATE ANNOUNCED

County Teachers to Attend Gathering Sept. 1 to 5

Allen Co. Teachers' Institute will be held in Lima, September 1 to 5. C. A. Argabright, superintendent of county schools, announced Monday. Central high school building will be used for the meetings if permission can be secured from the city board of education.

Dr. L. E. Loh, noted educator of the University of Southern California, Los Angeles, and Professor C. H. Freeman, of Ohio Northern University, are the two main speakers on the program.

Each will give two lectures a day for the five days. The first lecture will be given in the morning session and the other in the afternoon. W. R. Bliss, assistant state director of education, Columbus, will also speak Wednesday afternoon, September 3.

Nearly 200 county teachers are expected to attend the institute, which is an annual affair. Argabright said.

## \$1,000 IS GIVEN

Rotary Club Votes to Aid Boy Scout Fund

Lima Rotarians in session Monday noon at Hotel Norval voted to donate \$1,000 toward the boy scout work in the city. The money will come out of the club's general fund.

Lynn Timmerman, of the Lima boy scout council, made the plan for aid in the work here. He mentioned the fact that the Rotary club was greatly responsible for starting the boy scout movement locally and had helped the work considerably in the past. At the present time, he said, financial aid from scout headquarters are more months in arrears. The sum of \$1,000 will wipe out all present debts and insure payment of all future bills for the remainder of the year.

A campaign was carried on here last winter to raise funds for the boy scout work, but lack of sufficient workers made the drive a failure as less than \$500 was raised.

The club also voted to donate \$100 toward the installation by the city of six drinking fountains on Main-st.

## BOUQUETS GIVEN TO ALL WOUNDED VETS

SOME OF THE PEOPLES HENRY S. COOPER SENT TO THE WOUNDED VETERANS IN GOVERNMENT HOSPITALS ON HIS BIRTHDAY ANNIVERSARY. COOPER IS SHOWN IN THE CENTER.

KENOSHA, Wis.—(Special)—Every wounded veteran in every government hospital in the country helped Henry S. Cooper, retired manufacturer, celebrate his birthday anniversary.

For on that day Cooper had brought plenty of cheer to them. To every one of the 18,412 disabled ex-service men, now in government hospitals, Cooper sent a bouquet.

It was his way of celebrating his birthday. It took a fortune in flowers—

(Continued from Page One)

held the leading spot, in the role of follower.

The report shows the youths are planning the entire game from petty larceny to burglary, arson and even to plots on the lives of their fathers, and Tommy Leach, Richard's brother. Then at all, Richard, loudly called "Dicky," sleek, handsome, highly intelligent, popular with the girls, is shown as a ringleader who pictured himself as the central figure of fantastic dramas, the focus of the public spotlight.

Always, he imagined himself the super-criminal, committing startling crimes, baffling the police with ease. He had actually, then, shown as a ringleader who pictured himself as the central figure of fantastic dramas, the focus of the public spotlight.

Nathan and Richard even considered killing each other but felt that with one gone, there would be none to share the pleasure and glory of criminal achievement.

The report deals with the time he was a child he had continued up ideas of being a master criminal. The physicians found Leach a peculiar complex of derelict and coward. He feared physical encounters, but had no fear of losing his companions, but acted a boat into the very teeth of a storm on Lake Michigan.

From early childhood, Leach dreamed stories of crime and bizarre adventure. In his mind's eye, he saw himself the master criminal, the super-delictive, the daring frontiersman, great beyond the legends of the west.

He shot a revolver, but the bullet hit a shirt, put on the shirt and showed the hole to a girl friend as evidence of a desperate encounter. He bragged of a fight in a saloon and a slugging, displayed a revolver in answer to a query of how the brawl ended.

The report deals with Leach from the date of birth up to the present. Richard is 19, was born in Chicago. He was weakly until the age of four and a half years. His tonsils were removed and he gained strength. At the age of 15, he was in an automobile accident in Cleveland, Mich., and suffered a concussion of the brain. Quite early in life Leach started the practice of lying because he found it the easiest way out. Then he lied bravely. He was careful not to be caught in lies by his parents and governors, for whom he professed to have a deep respect.

One of his early visions was of being in jail, stripped of his clothing, beaten, abused and exhibited in the nude. Physicians said he enjoyed the idea, thought it pleasant and felt highly gratified at being the center of attention. He felt no feeling of remorse or shame.

At the age of 9, Leach told a dollar from a neighboring boy. He did not spend the money, but got a thrill out of the act. Some time after that Leach and another boy started a lemonade stand and during the absence of his partner, Leach removed all of their stock and register and hid them in his home. At the age of 15, Leach found that the key to his mother's electric would open other machines of the same make. With Leopold for company, Leach stole machine after machine. The two rode around, turning in fire alarms and drinking.

One time while the boys were getting a drink, the owner of the machine they were using, drove up in a truck and led the owner

more than 200,000 penny boxes—and hundreds of dollars in express charges to do it. But that did not take Cooper. The flowers came from his penny gardens at Dunmore, his country home near here.

But he made a similar gift to various Wisconsin hospitals. Horticulturists who have visited Dunmore call Cooper the foremost penny grower in the world.

But he styles himself "just a penny fan."

a thrilling race. When they were unable to shake their pursuer, they leaped from the speeding car which crashed into a pole. The boys ran down an alley and escaped. At another time Leach stole several bottles of liquor from a relative at Charlevoix, Mich.

## LATIN NATIONS WATCH U. S.

Presidential Election Battle Closely Followed

TARIFF LAWS OPPOSED

Important Issues at Stake for South Americans

WASHINGTON—(By United Press)—The forthcoming United States' presidential campaign and elections will be followed with unprecedented interest in the other twenty republics of this hemisphere.

The next administration, whether Republican or Democratic, will be confronted with many and perplexing problems relating to all of these countries and vitally affecting their interests.

There is keen disappointment among many students of Latin American affairs that neither Republican nor Democratic platforms dwell at greater length and more specifically with inter-American relations. It is true that many of these problems are outside the scope of partisan politics.

The exceptional amount of attention paid to Latin American affairs by Secretary Hughes during the last three years has doubtless served to keep many problems out of the field of press and popular interest, but they will be recurrent subjects for the attention of future administrations.

Everywhere south of the Rio Grande there is the liveliest interest in the possibility of tariff revision during the next administration. All of the southern republics are primarily producers of raw materials usually few in number, and their economic destinies and general prosperity are deeply affected by tariff changes.

The major products of Latin America—nitrate, coffee, hides, copper ore, for example—are now on the free list, others, as manganese, sugar, quebracho, would benefit in the event of downward tariff revision.

There are great questions of general policy which must continue from time to time to be explained and defined. Popular opinion in all Latin republics eagerly awaits each added official statement from the government that the United States has no aggressive intentions toward these countries and is not pursuing a policy of imperial or territorial aggrandizement.

Investments by United States citizens in Latin American governmental and industrial enterprises now approach the four billion dollar mark. In numerous cases the United States government is to a degree involved in customs arrangements or other domestic affairs. This gives rise to an attitude of continual inquiry as to the eventual policy of the United States government with respect to foreign loans, and particularly as to the extent which this government might intervene in republics to support existing loans. Every pronouncement regarding United States' policy regarding foreign loans is carefully noted abroad.

There is also great concern over legislation proposed by the department of commerce and pending before congress which would permit combinations for the import of commodities which are subject to foreign monopoly control. Such a law would affect Brazil, Colombia and other nations, and would have serious effects of least importance.

The policy of the United States with regard to recognition of governments established by revolution will require the attention of the next administration as it has that of the last. The present administration has loaned its full support to political stability.

Such are a few of the great and continuing questions which will confront any future administration at Washington. Policies regarding inter-American affairs have frequently been defined and explained by Secretary Hughes, but from the very nature of conditions such policies will be more or less continually subject to review, if not actual modification.

There are many specific problems of immediate and great importance. Before many months the president of the United States will announce his decision in the pending arbitration between Chile and Peru as to whether a plebiscite should be held in disputed provinces of Tacna and Arica to decide their sovereignty. The aftermath of this decision will almost certainly carry over into the next administration.

In the case of the decision for plebiscite, the arbitrator will decide the conditions of its holding; in case of a negative decision, it is understood that the United States government will lend its good offices in the ensuing direct negotiations.

Peru and Ecuador recently signed a protocol looking toward a settlement of their boundary controversy after the arbitrator's decision in the Peru-Chilean arbitration. Peru and Ecuador will send delegates to Washington to negotiate direct settlement of their boundary dispute, but it is possible the dispute will be referred to the arbitration of the United States.

The sittings of the United States-Mexican general and mixed claims commissions which start in August will doubtless continue during the next administration. These sessions will be concerned with some matters of political interest. For example, Mexican citizens have presented claims for damages arising from United States occupation of Vera Cruz and the Perishing expedition into Mexico.

An unsettled boundary dispute between Guatemala and Honduras awaits the arbitration of the pres-

City of Sao Paulo Captured by Federal Forces

VICTORY IS CELEBRATED

Whistles Are Blown When News Is Received

RIO DE JANEIRO—(By United Press)—Rebel forces which have held the city of Sao Paulo since midnight, July 4, have capitulated. It was officially announced today.

The announcement was not unexpected as it was known the heavy federal bombardment, which has been under way for several days, had placed the rebellious troops in a hopeless position.

Revolving federal forces estimated as high as 30,000 have been pushing forward into the city for several days.

Legal troops (the government forces) have taken all rebel positions in Sao Paulo, the official communiqué said.

FEDERAL VICTORY—(By United Press)—Brazilian federal forces have won an important victory in Sao Paulo, according to reliable advices to the United Press here today.

While the extent of the victory is not entirely clear, it is indicated that a majority of the city of Sao Paulo may have fallen into federal hands and that final defeat of the rebels, who have been revolting since midnight, July 4, is at hand.

A long public communication with Santos has been restored and the restoration of direct communication with Sao Paulo city is expected within a short time.

CELEBRATE VICTORY—SANTOS, Brazil—(By Associated Press)—What was being observed in Santos this morning in celebration of rumors that the revolutionists had abandoned Sao Paulo during the night, the government taking over the city. As yet there is no official confirmation of the news.

Other Minor Accidents Are Reported Over Sunday

Mrs. Harvey Lehman, Bluffton, and her nephew, Donald, 2, son of Mr. and Mrs. Roy Lehman, of that village, luckily escaped serious injury at 2:30 p. m. Sunday when Mrs. Lehman, who was carrying the child, was struck by a northbound city street car. The accident occurred on Main-st in front of the Lory theater.

The child was knocked out of Mrs. Lehman's arms, and was severely bruised. The woman herself was bruised about the nose and hips, with the possibility that internal injuries may result.

Both are being kept in the city hospital where their injuries were dressed, and they were removed to their home in Bluffton Sunday evening.

Richard Heiner, 8, son of Louis Heiner, salesman for the Timmerman Motor Sales Co., received a broken jaw and suffered minor injuries when he was struck by a car which his father was driving when he was struck by another machine on the Dixie Highway, northeast of Wapakoneta, at 7 p. m. Sunday, and turned over into the ditch.

The child was taken to St. Rita's hospital. Attaches of the institution said Monday that his injuries were not serious.

Louis Newmeyer, 125 E. Vine-st, was taken to the city hospital at 6 p. m. Sunday after his automobile turned over into the ditch on St. Johns-rd, near the city limits.

He sustained large cuts about the face and forehead and was badly bruised about the left leg.

## LORAIN RELIEF

Faurot Benefit Show Sunday Swells Fund by \$210

Faurot benefit show Sunday night for relief in Lorain netted \$210 with a possibility that this amount may be increased upon completed reports of ticket sellers.

The program in charge of Miss Margaret Ryan and Hal Mundt, of the Faurot Stock Co., was given as announced with local artists assisting in the benefit show pronounced as a pleasing entertainment.

Columbus Grove has over-subscribed three times its quota for the relief fund. The quota is \$7,500.

Legion members met at KENTON ON SUNDAY

Legion affairs in northwest Ohio were discussed at a conference held at Kenton Sunday. Dr. E. D. Sinks, district chairman presided.

## TED PREDICTS MORE SHOWERS

Refreshing thunderstorms breaking the excessive heat are promised for Monday night by our little friend Ted with cooler and cloudy weather predicted for Tuesday.

"I am working the weather schedule on a system," Ted said in an exclusive interview.

"In the morning hours and through out the day we've arranged for heat with the mercury averaging from 85 to 90 degrees so that farmers will be satisfied. At night thunder storms will break the heat wave and make sleeping as possible as all my friends. Lima can get their required eight hours."

## WOMAN MAY BE GOVERNOR

Running Close Race for Office in Texas

DALLAS, Texas—(By United Press)—Texas, the biggest state in the Union, may have a woman for its governor as a result of the Democratic primary held Saturday.

Partial returns from 231 of 252 counties today showed Mrs. Ferguson, wife of Governor Jim Ferguson, in third place in the gubernatorial race, just 28 votes behind the second place candidate, Lynch Davidson. Felix D. Robertson, Dallas, is leading the field.

Mrs. Ferguson entered the race when the courts held it would be illegal for her husband to hold office because of his impeachment in 1917. Ferguson had already announced his candidacy for governor.

His wife then took his place in the campaign, with her husband, she toured the state, appeals to the women of the state to elect Jim's name, the right of impeachment by voting for her.

During the last few weeks, Mrs. Ferguson gained strength rapidly and politicians who had regarded her entrance in the race somewhat a joke, awoke to the fact that "Farmer Jim" still had a big personal following throughout the state, particularly in the rural sections, where he was turning out for Mrs. Ferguson.

Ferguson did most of the speaking on stumping tours with his wife.

Mrs. Ferguson strongly opposed the Ku Klux Klan in the platform. The candidate will be chosen at a run off primary in which the two highest number of votes in Saturday's voting will oppose each other.

RENOMINATED—DALLAS, Texas—(By Associated Press)—The seventeen Democratic Texas congressmen apparently all were renominated in Saturday's primary, the scattering returns to the Texas election board early today indicated. In the eight districts where the incumbents had opposition, the present congressmen were leading.

Members of the Allen-co grand jury were instructed to observe great secrecy concerning information that was brought to their attention by Judge Fred C. Becker, in court Monday.

Because several members of the jury who served earlier in the term were excused, it was necessary to swear the jury again, although the present session is an adjourned meeting.

More than 50 witnesses are to appear before the jury during the hearing which is to last two days. Fifteen witnesses are scheduled to testify Monday and 22 are called for Tuesday.

Prosecuting Attorney Lippincott believes the session can be terminated in two days, although plans were originally made for but one day.

Members of the jury are: H. O. Miller, John H. Anderson, Mrs. Grace Hollister, William Reynolds, Guy W. Crabbs, L. S. Haines, W. H. Breeze, Casper Geise, Mrs. Mary Kerr, Mrs. Frank Stepleton, of Lima; Homer Ludwig, Delphos; Mrs. Daisy Crites, Spencerville; E. H. Edley, Delphos; Delbert McBride, Elida; J. A. Amstutz, Bluffton.

# DIES TO SAVE 90 PASSENGERS

Engineer Sticks to Post as Train Falls Thru Trestle

## VICTIM OF MYSTERY FIRE

16 Injured in Crash Near Ohio City

BEACH CITY, Ohio — (By United Press) — An engineer gave his life to save 90 passengers Sunday afternoon when the engine and two coaches of his train plunged thru a burning trestle on the Wheeling and Lake Erie Railroad over Sugar Creek, a mile north of here.

Sixteen persons, including the fireman and conductor, were injured and removed to Massillon City hospital.

The baggage, mail and one passenger coach were hurled to the bank of the creek and destroyed by fire, believed to have started from sparks of a train which passed at noon.

Harry Johnson, 40, engineer of Canton, sacrificed his life by remaining at the throttle, apparently in the belief that he could pilot the train safely across the burning bridge.

A sharp curve just south of the trestle prevented him from seeing the blaze until too late to stop.

"The trestle is afire," Johnson shouted to his fireman, James West, of Zanesville. "You jump and I'll stick."

West leaped thru the cab window, and into the creek 30 feet below.

Johnson clung desperately to the throttle and was scalded to death when the baggage and mail coaches broke thru the trestle, dragging the engine with them.

LIST OF INJURED — The following injured were taken to the hospital in Massillon: James West, fireman, Zanesville.

George Reed, Fresno. Ed Boyd, Fresno.

Edwin Wyley, Fresno. J. A. Mappes, Coshocton.

Charles Stuart, Coshocton. John Belemasky, Fresno.

William McDonald, the conductor, of Zanesville and Orva Slaters, a passenger, were cut and bruised.

# U. S. OFFERS NEW WAR DEBT PLAN

Expected to Break Deadlock in Conference

## SEE COMPLETE AGREEMENT

Bankers May Withdraw Objections to Loan

LONDON — (By Associated Press) — New American proposals which both the French and British hope will break the deadlock in the inter-allied conference on the subject of security for the loan to Germany provided for in the Dawes report were made today during a meeting of the experts of the conference.

The experts will reassemble late this afternoon to reconsider the proposals which are intended to reconcile the British and American bankers to the attitude of the conference delegates on defaults and sanctions under the Dawes plan. The experts express the hope that a complete agreement may be reached and submitted to the plenary session at 4 o'clock.

It is stated that the broad basis of the proposed settlement is a combination of the report which the experts have already made with the proposal of Premier Theunis of Belgium for calling in the members of the original Dawes committee before any action can be taken either in declaring Germany in default or in applying the sanctions for such default.

In conference circles the belief is expressed that by this combination the bankers will be willing to withdraw their objections to the guarantees for the German loan and at the same time France's theoretical right to separate action can be maintained in order to save Premier Herriot of France from political disaster.

# Building Your Telephone Plant

## For the Years to Come

Stockholders of the Lima Telephone & Telegraph Co. will meet August 15, 1924, to take action on increasing the capital stock of this company \$1,500,000, making it a \$3,000,000 corporation. Application for such increase in the capital stock has been filed with the Secretary of State at Columbus.

When this stock is issued, it will mean that another million and a half of dollars of Lima capital has been spent in this major industry, increasing and expanding its facilities in order to keep the system, characterized as the best in the world, at the highest possible point of efficiency.

This increase in capital stock has been made necessary by exhaustion of the present authorized capital by rapid expansion of the telephone system due to the unprecedented growth of Lima. Year after year more money has been required in keeping this utility ahead of the steadily growing demand. It is estimated that approximately \$250,000 will be required for expansion in 1925.

A telephone system cannot be built for today, but the needs of the future must be contemplated and it has been the policy of this company to keep well in advance of actual present requirements in the matter of service, for only in this way can maximum efficiency be maintained.

We feel that the general public appreciates the progressiveness of the Lima Telephone & Telegraph Co. We have gone steadily ahead with improvements until today Lima has at its disposal one of the most modern telephone systems to be found anywhere in the United States. We have built for the future—the day when Lima will be 100,000—by installing insofar as possible, the underground conduit system, removing all poles from city streets, thus adding to the general constancy of the service and at the same time keeping pace with the community spirit of making Lima a more beautiful as well as larger city.

In this connection, it is necessary for us to build well in advance of street improvements so that all of our services may be in before paving is done. We have an iron-clad rule that this work must be done ahead of paving, and in the past we have received repeated commendation for this policy.

We have equipped for the years to come, a telephone exchange that is second to none from every possible standpoint of this business and contemplated improvements to be made from year to year, using the new capital stock, will be merely a continuation of the company's policy of keeping ahead of the growth Lima is certain to enjoy.

All of this building has been made possible by Lima capital, for the Lima Telephone & Telegraph Co. is a Lima institution, backed by men who believe in their city. All of the developments to follow will be made possible by their sustained confidence in Lima's future.

THE NEW CAPITAL STOCK WILL BE ISSUED FROM TIME TO TIME AS NEEDED FOR IMPROVEMENTS, AT NOT LESS THAN PAR VALUE, WHICH IS \$100 PER SHARE. ITS ISSUANCE AND EXPENDITURE OF THE MONEY DERIVED IS UNDER THE SUPERVISION OF THE OHIO UTILITIES COMMISSION AND CAN BE USED ONLY FOR PLANT EXTENSION. THIS MEANS THAT EVERY TIME AN ADDITIONAL SHARE OF CAPITAL STOCK IS ISSUED, \$100 MORE OF LIMA MONEY GOES TO BUILD FOR A GREATER AND BETTER CITY.

## MUCH GOLD NOW AVAILABLE

Yellow Metal Valued at More Than \$600,000,000 Unmined

SAN FRANCISCO — (By Associated Press) — Despite the fact that gold placers in California have produced more than \$1,000,000,000 since their discovery in 1848, they are not exhausted, according to a statement issued by the State Mining Bureau.

The bureau has completed an investigation of mining conditions, covering two years and finds that the principal placer area of the state lies in the Sierra Nevada mountains between Sonoma and the north and Mariposa on the south. This area is tributary to the Sacramento and San Joaquin rivers which are classed as navigable streams.

There also is a big varidage of available gravel remaining on the tributaries of the Klamath river. The district within the Sierras, however, is deemed the most important from an economic viewpoint.

According to estimates based on the investigation, there is a total of something like seven billion yards of gravel distributed among the different drainage areas. Not all of this is practicable for working, but the bureau considers it safe to assume 60 per cent is feasible for mining. This should yield an average of about 15 cents a yard, says the report, and under hydraulic mining, approximately \$600,000,000 could be recovered from these drainage systems alone.

The report says "A perfectly feasible plan for the working of this ground under the provisions of the Caminetti Act, is now suggested and is to some extent being carried out by private corporations. Should the work be amplified to cover the whole drainage system it should properly be under the control of the national and state governments in conjunction."

**ISLAND SPRINGS UP**

## IN LIMA THEATRES

### THEATRE DIRECTORY

Quilna—"Tiger Love," with Antonio Moreno, Estelle Taylor, George Melford, "Self-Made Failure," with Matt Moore, "The Wagon Train," with Tom Mix, "Big Ben," with Buck Jones, "Return of Drawn Swords," with William S. Hart.

**"Tiger Love"**  
An especially interesting picture is being shown at the Quilna during the first part of this week. It is "Tiger Love" and stars Antonio Moreno and Estelle Taylor.

The story is told in Spain and deals with a famous bandit and the daughter of an aristocrat. This combination gives the two famous Paramount stars an excellent opportunity to display their ability.

Other features of this playing program, which will remain at the Quilna until Thursday when it will be replaced by "Peter the Great," are the Quilna News, Acrop Fables and the Lyman H. Howe "Hodge-Podge."

### SPENCERVILLE

Mr. and Mrs. Henry Laid and son of Van Wert were the Sunday guests of Mr. and Mrs. R. H. Sunderland and family.

### At The Sigma

"A Self-Made Failure" featuring Matt Moore and Patsy Ruth Miller. The picture is the most interesting of the week at the Sigma. It is a comedy that will not be remembered for its quality.

Lloyd Hamilton, who appears in the title role, is especially good and is aided by Ben Alexander, a favorite youngster with local theatre goers.

Amusing incident follows upon the heels of each other and throughout the whole two hours entertainment there is never a dull moment. Other features, regularly shown at the Sigma screen, are in the program.

"Yes, I told Karl when I was in New York last time what I had done; I explained that we had gotten in a very tight place. He insisted on buying the pearls back for me. He said the pearls were his and he would not feel right if anyone else had anything to do in repurchasing them."

"To think that my wife would put me in a position like this with a former lover of hers! How much has Whitney paid out on those jewels?"

"About fifteen thousand dollars, I suppose."

"All right, I will have fifteen thousand dollars in a day or two with which I will go over to him with the pearls, and change the map on his face."

"Jack, I have promised Karl Whitney never to send him back the pearls."

"Of course I see it. I see that he has always intended that they should also mean to you a beautiful dream, until he could bring them to his notice at the right time."

"Leslie, is it possible that you do not see that although your little sister was perfectly innocent in the matter, Whitney has from the first intended those pearls should bring you back to him?"

"That is why he sent me this anonymous letter—the dirty cad!"

"Common sense as well as experience should teach those who suffer from nervousness and weakness that the most logical thing to do is to put into their systems the substance that is lacking, and that is pure organic phosphate," says Dr. Joseph Harrington.

"I don't understand how you can be so unkind, Jack."

"And I don't understand, Leslie, how you could have been so disloyal to your husband."

"I haven't been disloyal to you, dear. Don't you understand that no wife could be more loyal to her husband than I have been to you? But I have also been loyal to the ideal of my childhood's sweetheart. Can you not see that to Karl Whitney those foolish beads mean a very beautiful dream?"

# LIMA DEFEATS ANGOLA IN HEAVY SLUGGING CONTEST

## Three-Cornered Tie For American League Honors Probable --- Giants Hold Big Lead

### LOCAL TEAM GOES IN SECOND PLACE

**BY GILSON WRIGHT**

Yielding but one scratch hit in the first three innings, Delphos pitcher, blew up in the fourth and from on Lima hit him consistently, winning 13 to 7 in an Ohio-Indiana league slugfest at Murphy-st park Sunday afternoon.

The victory put Lima in undisputed possession of second place in the standing, a half game ahead of Angola, a half game behind Bryan, which won over Wapakoneta.

Lima would have gone into first place had Bryan lost. The game was anything but the pitchers' battle it was decided to be. Lima lived up to its reputation as the leading team of the league.

Delphos was the only two men who failed to get hits. Wise and Bible, on the other hand, were credited with three each, while six men on the Angola team and two on the local outfit had two hits each.

One of the largest crowds of the season, estimated at close to 1,500 fans attended the game.

Wapakoneta will be the attraction next Sunday afternoon at Murphy-st park. The game should prove unusually interesting as Main, former Lima pitcher who was released by the locals after he lost to New Bremen on the Fourth, will be on the mound for the Auglaize-co team. Halloran will probably use Fish, who won over Wapakoneta here some ago, or Westbay.

**Bryan Maintains Slim Lead**

**BRYAN** — (Special) — Bryan maintained its slim lead of a half game over Lima in the standing of the Ohio-Indiana league by winning over Wapakoneta here Sunday, 8 to 2.

Wapakoneta led, 2 to 1, until the seventh when the Auglaize-co's defense went to pieces, made six errors, and permitted Bryan to score seven runs on three hits.

Main, former Lima hurler, out-pitched Gilbert but his support was of the poorest brand.

Score by innings:

	R	H	E
Wapak	000	020	000—2 9 9
Bryan	001	000	700—8 8 2

Batteries: Main and May; Gilbert and Rubin.

### Delphos Defeats Celina Team

**CELINA** — (Special) — Bunching hits off Halmer, Delphos pitcher, star, in the last four innings, Delphos won over the local team here Sunday, 8 to 6, in an Ohio-Indiana league game.

Previous to the sixth inning Halmer was scored on only once, but in the sixth Delphos began hitting him consistently and finally overcame Celina's lead of six runs. It was the first victory in the last four starts for Delphos and enabled that team to move from last place in the standing to seventh place, sending Celina to the cellar position.

Score by innings:

	R	H	E
Delphos	000	103	312—8 13 1
Celina	110	220	000—6 9 2

Batteries: Tilton and Liable; Halmer and McComb.

**ST. PAUL** — Miss Edith Cummings of Chicago woman's national amateur golf champion, broke the record at the White Bear club here with a score of 79. The former woman's record was 89 and men's par is 72.

### NOTES OF THE GAME

Kuhn, Angola centerfielder, pulled two nice catches during the game. In the first he brought down Cyke's fly with a one-handed catch, while in the seventh he took Fish's fly while running backward.

Lima got only one hit, a scratch in the first three innings. Fish, leadoff man, popped a fly over Sommerlott, who lost the ball in the sun. Catton also got a similar hit in the fifth when DeVilbiss, right fielder, Menne, second baseman, and Sommerlott debated as to which one should catch the ball and it fell safely to the ground altho DeVilbiss made a desperate effort to get it.

Galberach got a scratch hit in the seventh when, with two down, he bunted to Standish. No one covered first as Sommerlott came in for the ball, too. Four or five of Galberach's hits this year have been made on similar infield taps.

### Firpo, Wills To Meet On Sept. 11

**NEW YORK** — It is at last definitely settled that Luis Angel Firpo will meet Harry Wills in a 12 round bout at Boyle's Thirty Acres in Jersey City on the night of September 11.

Tex Rickard, promoter, made this announcement after a conference with officials of the United States Polo Association, who had asked Rickard to avoid a conflict between the ring battle and the international Polo matches scheduled for September 6 and 10. The main bout, which will begin at 10 o'clock, will be preceded by two eight rounders, one six rounder and one four rounder. All the preliminary contestants will be drawn from classes above the middle weight division. Firpo has practically decided upon Saratoga as his training ground and will go there some time this week. Wills already has begun to get in shape for the fight at Southampton, Long Island.

### 12-Inning Game To New Bremen

**PAULDING** — (Special) — Scoring three runs in the twelfth inning, New Bremen won over Paulding in an Ohio-Indiana league game here Sunday, 5 to 2.

New Bremen jumped on the offerings of Diel, Paulding hurler, for two runs in the first inning, one of which was a home run by Wildersmuth, hard hitting third baseman. Paulding tied the count in the fifth and from then on neither team scored until the twelfth.

Jones, New Bremen pitcher, allowed Paulding but four hits. After the fifth inning he was invincible. It was the first game he has pitched for New Bremen for more than a month.

The contest was the first Ohio-Indiana game played here and a large "opening day" crowd attended.

Score by innings:

	R	H	E
N B	200	000	000—5 11 2
Pldg	100	010	000—2 4 3

Batteries: Jones and Blanke; Diel, Bauganan and Wiselev.

### New York, Washington Are Crowding Detroit

**NEW YORK** — A three cornered tie for the leadership of the American League within the next few days looms up as a likely possibility today as New York and Washington, already in a deadlock for second place, attempt to reduce Detroit's half game advantage.

The Senators made good their threat to horn in on the Tiger-Yankee party by defeating Cleveland while both the pacemakers lost.

With the game and first place seemingly on ice, Waite Hoyt became careless or weary in the ninth inning of the New York-Chicago tilt and aided by timely errors on the part of Ruth and Neusel put the White Sox in a position to win, 7 to 6.

Victimized by their old failing of wasting hits, the Tigers lost a 4 to 3 decision to Philadelphia. The juncos left 13 of their teammates marooned on the paths.

Holding Cleveland to six hits, O'Brien pitched Washington to a 4 to 3 triumph and registered his eighth win in nine starts.

George Sisler's home run with two on in the eighth broke a tie score and counted for the Browns' 9 to 6 win over Boston.

Seven games again measure the Giants' superiority over the Cubs as a result of the six to four spanking New York administered to St. Louis. Southworth played right field for the McGraw men in place of Young who is in a local hospital with internal trouble.

Dividing a twin bill with Cincinnati, Brooklyn failed to gain on Pittsburgh for third place honors but maintained its three-one half gain advantage of the Reds.

famous old

1921-

1924-

## A new richness from an old-time process

Made for pipes — cut for pipes  
—packed sensibly to save money

NOW it can be told. Three years ago we decided to revive a famous old secret method of mellowing tobacco—"Wellman's Method", it was called.

For three years we have been quietly trying it out—we, and about a quarter-million shrewd pipe-smokers who discovered it for themselves.

No whirlwind campaigns, no "special offers", no extravagant claims; Granger Rough Cut has made good on its taste alone. There could be no better proof of its quality.

Now we are ready to "tell the world".

An extraordinary pipe tobacco. "Wellman's Method"—now ours exclusively—not only mellowed tobacco, but "rounds it out"—gives it a new taste, richer and milder.

There's no other method like it, nor any other tobacco like Granger.

And not only differently mellowed, but cut differently—cut for pipes. The Rough Cut burns more slowly, hence smokes cooler—and a pipe-load lasts nearly twice as long.

And finally—notice the package.

If Granger Rough Cut were packed in fancy lithographed tins, it would cost 15 cents.

But wrapped in smart heavy foil, you get this fuller, longer, cooler smoke at a third less cost. Foil instead of costly tin—hence the price.

Too good to be true? Ask any man who has tried it. Better yet—get out your pipe!

# Granger Rough Cut

**A Pointer on Tobacco—**

The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the "cut". Granger is "rough cut" to make slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

## ATLANTA, GA., MEANS PEANUTS, COTTON AND WATERMELON

BY WILL M. CRESSY.

At-hanta is the short way spelling GEORGIA.

Atlanta was named for Mr. George F. Atlantic, the discoverer of the Atlantic ocean, and the leader of the Atlantic Coast & K. P., and the Atlantic & Pacific Tea Co.

At the rate Atlanta is growing, the other towns in Georgia will be simply suburbs of Atlanta. For instance, there is ROME. Rome was named for the place where Mister Nero fiddled away "Be a Hot Time" to show his opinion of the Rome department.

While Atlanta is very patriotic, her favorite song is NOT "Marching Thru Georgia."

The metamorphen is another Nature wonder!

The watermelon is another Georgia product. A watermelon is striped pumpkin full of sweet, juicy water. It grows best in a sandy soil, in a white neighborhood.

But the staple crop of Georgia is cotton. Cotton is used principally to feed boll weevils with.

Nature wonderful?)

Cotton is used in the manufacture of about everything but tomato catchup and toupees. There are also many by-products of cotton. There are things we are thinking we are buying something else.

Next week Will Cressy will be on New Orleans.

## ES BREATHE DEATH

visit for a fly or bug to eat him—much on poison powder or liquid?—be careful to child and pet. Kill them the El Vampiro way. Breathing such a score of beetles, roaches, bugs, etc., take one breath of El Vampiro and die. There's no mess, no danger to man or animal. Puff it into the air, on dresses and around beds. Rid of all pets and animals of pests. At the nearest store, in the YELLOW section box; 10c and 30c sizes, and a letter top can for \$1.25. There's 4 El Vampiro, too, for flies. Write, Woodward & Co., Peoria, Ill.

## He'd Never Been on a Horse...

“WE were on the edge of the cliff when a bee lit on the sorrel.

"The way he went over that horse's head you'd have thought he had learned to fly.

"It carried him over the edge, too, and he went down about 20 feet before he grabbed hold of a bush and stopped himself."
